PROFESSIONAL EXPERIENCE

Chief Operating Officer

June 1996 – Present

US Army, Various locations worldwide

Excelled in leadership and executive-level staff positions including twice as Director of organizations totaling 150 and 240 personnel. Deputy Director for a 775-person, multi-level organization, directly supervising 12-mid-level managers. Senior Facility Manager for an 8-acre business complex, consisting of 5 office buildings totaling over 91,000 square feet. Led a 15-member executive staff in all corporate support functions: human resources, facility management, logistics, supply, personnel and physical security, IT, and safety, enabling the 300+ employees to efficiently and effectively conduct their day-to-day operations.

Key Accomplishments

- Supervised the management of over 4,300 pieces of equipment, valued over \$157M, through various stages of procurement, maintenance, and fielding with 0 equipment losses and each target deadline achieved
- Managed budgets up to \$23M resulting in all organizations meeting 100% of their fiscal requirements
- Lead planner for an organization's complete transformation: analyzing all tasks and functions, optimizing organizational structure, and examining facility options in order to establish operational success in the future organization
- Led a team representing 11 external and international organizations to resolve site maintenance issues and mitigate force protection concerns of employees while serving overseas, resulting in 0 workplace accidents and a more secure working environment in addition to a published emergency action procedure manual
- Coordinated the complete overhaul of an organization's property management system resulting in a 100% rating during the end of year audit; total property value exceeded \$5M
- Developed and implemented an organization's communication strategy to better employee work experiences and quality of life while being overseas; utilizing 13 focus groups, planning teams, surveys, and web-based activities, fostered an environment committed to enhancing integration, innovation, and communication throughout the workforce
- Developed and executed the Emergency Action Plan and the Continuity of Operations Plan for the organization, resulting in 2 successful safety rehearsals; providing the workforce the comfort and reassurance of their safety and mission constancy while at an overseas location
- Led a planning team consisting of local, state, and federal organizations in creating a way to conduct military training while reducing environmental risk, resulting in 15 years of continued positive cooperation within the Makua Valley, Oahu, Hawaii region
- Consulted worldwide for the planning and execution of intelligence activities; synthesized and assessed statistics, historical and regional data sets, and trends analysis in support of training and real-world events to include combat, humanitarian aid and disaster relief operations

RONALD F. MYERS

Key Accomplishments continued

- Designed and delivered relevant training; positively impacting the professional development of over 600 American and British military officers
- Advised organizations on all aspects related to foreign disclosure of information and personnel and physical security procedures, ensuring 100% compliance with all mandated regulations
- Advised US Army Europe and the North Atlantic Treaty Organization, on the proper roles, functions, employment, and responsibilities of the operational and strategic level US Army formations resulting in improved situational awareness amongst international partners in Europe
- Facilitated the incorporation of best practices and future US Army capabilities, processes, and policies to reinforce the philosophy of leadership to senior US Army personnel during multiple Army-wide exercises, enhancing the US Army capability for future warfare
- Wrote and implemented the organization's corporate staff administration standard operating procedures, establishing repeatable and standardized processes
- Created a Career Development Advisory Board, leading the senior civilian and military leadership in job shadowing and mentorship programs, promoting career growth; resulting in 6 employees being better prepared to achieve their short and long term goals
- Increased classified video teleconferencing capability by 100% through diligent coordination and planning with site engineers, the IT lead coordinator, and national-level security managers
- Contributed to over 20 intelligence and leadership manuals supporting US and foreign governments in efforts to enhance national capabilities, best practices and promote international cooperation
